

BROWN Table – Seal

Tangible Signs

Look at your objects first. Name them, then list as many uses for them as you can.

When thinking about how these items are used, what do the types of items have in common?

Now look at your photos. What are these items and what do you think they might “seal”?

Scripture

First, read Song of Songs 8:6-7. In your own words, what are the signs that this love is a true love?

(note: *Sheol* is the Hebrew word for "Hell")

Which of the two photos do you think relates better to Song of Songs 8:6? Explain how the photo relates to that verse.

[BROWN Table continued]

Next, read Revelation 5:1-5. Who do you think is being described here? What will he be able to do?

Which of the two photos do you think relates better to Revelation 5:2? Explain how the photo relates to that verse.

Then read 2 Corinthians 1:21-22. What do you think is “the Spirit in our hearts”?

Think about the choice of words. What kind of deal (as in “seal the deal”) might the words “security” and “first installment” be intended to make you think of?

Read Ephesians 4:30. What is being sealed and when will its seal be opened?
