QUEEN OF ANGELS
CATHOLIC SCHOOL

St. Matthias
School

In 1974, the National Catholic Education Association (NCEA), planned the first celebration of Catholic schools. We have continued the tradition in Catholic Schools ever since. With this week comes a plethora of celebrations, recognizing the amazing work completed by parents, students, faculty, community members, and many more. These events help our Queen of Apostles community focus on the value Catholic education provides to young people, as well as contribute to the church, our nation, and surrounding communities.

According to the NCEA, teaching the whole child is not just about what the student learns in isolation; it's about how they relate to their community." At Queen of Angels and St. Matthias Schools, we strive to provide a holistic education that will help to cultivate student leaders who will positively impact the world around us.

En 1974, la Asociación Nacional de Educación Católica (NCEA, por sus siglas en inglés), planeó la primera celebración de las Escuelas Católicas. Hemos continuado la tradición en las Escuelas Católicas desde entonces. Con esta semana viene una gran cantidad de celebraciones, reconociendo el increíble trabajo realizado por padres, estudiantes, profesores, miembros de la comunidad y muchos más. Estos eventos ayudan a nuestra comunidad Reina de los Apóstoles a enfocarse en el valor que la educación católica brinda a los jóvenes, así como a contribuir a la iglesia, nuestra nación y las comunidades circundantes.

Según la NCEA, enseñar al niño en su totalidad no se trata solo de lo que el estudiante aprende de forma aislada, sino de cómo se relaciona con su comunidad". En las Escuelas Reina de los Ángeles y San Matías, nos esforzamos por proporcionar una educación holística que ayudará a cultivar líderes estudiantiles que impactarán positivamente el mundo que nos rodea.

CATHOLIC EDUCATION

Tom Houlihan Principal Queen of Angels School

For over 100 years, Queen of Angels School has served the families of the northside of Chicago with a faith-based education that empowers children to grow academically, creatively, spiritually, and physically by identifying and celebrating the unique gifts of each child. Queen of Angels has persisted through challenges to help our students grow in God's image and likeness, navigating lockdowns due to a global pandemic, and times of national strife and crisis. By supporting our community to think with their minds, act with their hearts, and serve with both, Queen of Angels has helped our students attain excellence in all that they do.

Our rigorous curriculum challenges our students to transcend the standards established for them by nationally organized assessment and instruction programs. An average student-teacher ratio of 16:1 allows our teachers to establish close relationships with students and help them surpass growth expectations. On average over the past three years, our students have shown growth beyond expectations on the i-Ready assessment in both math and reading, with 143% growth in Reading.

Tom Houlihan director de la escuela Reina de los Ángeles

Durante más de 100 años, la Escuela Reina de los Ángeles ha servido a las familias del lado norte de Chicago con una educación basada en la fe que empodera a los niños a crecer académica, creativa, espiritual y físicamente al identificar y celebrar los dones únicos de cada niño. Reina de los Ángeles ha persistido a través de desafíos para ayudar a nuestros estudiantes a crecer a imagen y semejanza de Dios, navegando por los confinamientos debido a una pandemia global, y tiempos de conflictos y crisis nacionales. Al apoyar a nuestra comunidad a pensar con sus mentes, actuar con sus corazones y servir con ambos, Reina de los Ángeles ha ayudado a nuestros estudiantes a alcanzar la excelencia en todo lo que hacen.

Nuestro riguroso plan de estudios desafía a nuestros estudiantes a trascender los estándares establecidos para ellos por programas de evaluación e instrucción organizados a nivel nacional. Una proporción promedio estudiante-maestro de 16:1 permite a nuestros maestros establecer relaciones estrechas con los estudiantes y ayudarlos a superar las expectativas de crecimiento. En promedio en los últimos tres años, nuestros estudiantes han mostrado un crecimiento más allá de las expectativas en la evaluación i-Ready tanto en matemáticas como en lectura, con un crecimiento del 143% en Lectura.

Two-year old students in our Bridge classroom explore a dinosaur-themed sensory bin together. Our early childhood programs include practices that promote productive play, social-emotional learning, and cognitive growth within our classrooms. Many of our families begin their early education journey in our community with our Bridge program, which provides our youngest learners with the foundational skills that will allow them to establish strong connections with their peers while becoming comfortable with a classroom setting

Ms. Kunchenko works with middle school students in our science lab during our dissection unit. At Queen of Angels School, our science lab provides students with hands-on experiences using dissection kits and various lab materials to deepen their understanding of scientific concepts. The lab supports an innovative curriculum designed to foster critical thinking and practical skills. By using these resources, we aim to equip students with the knowledge and confidence to explore and understand science in their everyday lives.

Beginning in preschool, our students visit the Queen of Angels library each week. Our Librarian, Ms Velez, fosters a love of reading and encourages students to follow their interests by checking out books from our vast collection of fiction and reference texts. Middle schoolers participate in activities related to media literacy, identifying distinct types of media, and apply critical thinking when referencing media messages.

CATHOLIC EDUCATION

At Queen of Angels School, we aim to educate the whole child with a holistic education. In addition to a rigorous core curriculum that our students experience daily, Queen of Angels offers over 50 enrichment clubs available to them after school, 5 Special classes week, and 8 athletic teams to participate in. Additionally, we are proud to support the social-emotional needs of all of our students with a team of 7 school counselors, resource teachers, and RISE academic enrichment teachers.

We believe that we are called to empower every student to achieve their full potential. At Queen of Angels, all are welcome to join our community and help to write the next 100 years of education in Lincoln Square.

En la escuela Reina de los Ángeles, nuestro objetivo es educar al niño en su totalidad con una educación holística. Además de un riguroso plan de estudios básico que nuestros estudiantes experimentan a diario, Reina de los Ángeles ofrece más de 50 clubes de enriquecimiento disponibles para ellos después de la escuela, 5 semanas de clases especiales y 8 equipos deportivos para participar. Además, estamos orgullosos de apoyar las necesidades socioemocionales de todos nuestros estudiantes con un equipo de 7 consejeros escolares, maestros de recursos y maestros de enriquecimiento académico de RISE.

Creemos que estamos llamados a empoderar a cada estudiante para que alcance su máximo potencial. En Reina de los Ángeles, todos son bienvenidos a unirse a nuestra comunidad y ayudar a escribir los próximos 100 años de educación en Lincoln Square.

“In every aspect of their education, students need to be encouraged to articulate a harmony of faith and reason capable of guiding a life-long pursuit of knowledge and virtue.” – Pope Benedict XVI

Nicole Pacholski **Principal, St Matthias School**

Since 1892, St. Matthias School has been a cornerstone of Catholic education in Chicago’s Lincoln Square neighborhood and beyond. Our exceptional school offers children a diverse, inclusive community where scholars from all backgrounds can learn, grow, and excel.

As Chicago’s only Catholic International Baccalaureate (IB) school, we combine global learning with academic rigor, preparing students to become tomorrow’s leaders. Our commitment to excellence is clear—this year, St. Matthias is one of just five Archdiocesan Chicago schools qualifying for the U.S. Department of Education’s National Blue Ribbon Award, with iReady test scores exceeding Archdiocesan averages by over 14%.

Nicole Pacholski **Directora, Escuela San Matías**

Desde 1892, la Escuela San Matías ha sido una piedra angular de la educación católica en el vecindario de Lincoln Square de Chicago y más allá. Nuestra escuela excepcional ofrece a los niños una comunidad diversa e inclusiva donde los estudiantes de todos los orígenes pueden aprender, crecer y sobresalir.

Como la única escuela del Bachillerato Internacional Católico (IB) de Chicago, combinamos el aprendizaje global con el rigor académico, preparando a los estudiantes para convertirse en los líderes del mañana. Nuestro compromiso con la excelencia es claro: Este año, San Matías es una de las cinco escuelas de la Arquidiócesis de Chicago que califican para el Premio Nacional de la Cinta Azul del Departamento de Educación de los Estados Unidos, con calificaciones de los exámenes iReady que superan los promedios de la Arquidiócesis en más del 14%.

CATHOLIC EDUCATION

Our sights are set on more than just academic success, though. At St. Matthias, faith is at the center of everything we do. Our scholars grow in their love for Jesus, live the Gospel's call to serve others, and are supported by a team of caring, experienced educators dedicated to meeting the needs of every child.

With over 200 years of combined teaching experience, our faculty ensures every scholar receives a well-rounded education, including Spanish, French, STEM, the arts, and more. Our personalized and differentiated instruction is the difference maker. Our educators utilize best practices in conjunction with collaborative learning strategies that develop scholars into lifelong learners. And they do it each day with love!

Come see for yourself why St. Matthias is more than just a school; it is a tight knit community that provides each child with a nurturing, safe environment where curiosity is encouraged. It is where determination and dedication is developed in all of our scholars. It's where today's community learners become tomorrow's global leaders. Schedule a private tour, meet our scholars, feel the difference - envision your family at St. Matthias School!

Sin embargo, nuestra mirada está puesta en algo más que el éxito académico. En San Matías, la fe está en el centro de todo lo que hacemos. Nuestros estudiantes crecen en su amor por Jesús, viven el llamado del Evangelio a servir a los demás y cuentan con el apoyo de un equipo de educadores atentos y experimentados dedicados a satisfacer las necesidades de cada niño.

Con más de 200 años de experiencia docente combinada, nuestra facultad se asegura de que cada estudiante reciba una educación completa, que incluya español, francés, STEM, artes y más. Nuestra instrucción personalizada y diferenciada es lo que marca la diferencia. Nuestros educadores utilizan las mejores prácticas junto con estrategias de aprendizaje colaborativo que convierten a los estudiantes en aprendices de por vida. ¡Y lo hacen cada día con amor!

Venga a ver por sí mismo por qué San Matías es más que una escuela; es una comunidad muy unida que proporciona a cada niño un ambiente seguro y acogedor donde se fomenta la curiosidad. Es donde la determinación y la dedicación se desarrollan en todos nuestros eruditos. Es donde los aprendices de la comunidad de hoy se convierten en los líderes globales del mañana. Programe un recorrido privado, conozca a nuestros estudiantes, sienta la diferencia: ¡imagíne a su familia en la escuela San Matías!

St. Matthias School has incorporated a House System where Kindergarteners through 8th Graders are combined together, to form smaller communities within the building. Sometimes our Houses compete together, sometimes they create projects together. Sometimes they read together. 6th Graders, Brooklyn and Izzy, proudly show off their unique House shirts on Deck the Halls Day!

From their first school experience, our scholars learn to collaborate and create together. Our Preschoolers learn through play in our 3 and 4 year old Preschool program. St. Matthias School offers both half day and full day options, as well as three-day or five-day options. Clifford, Emmett, Emmabelle, and Martina work together to make lemonade out of lemons!

In this Sunday's Gospel, Jesus reads the words of scripture: "The Spirit of the Lord is upon me, because he has anointed me to bring glad tidings to the poor."

In the month of January, through your gifts, the Society of St. Vincent de Paul brought glad tidings to neighbors unable to pay rent due to temporary situations that resulted in less income or no income for a few weeks. Thank You!

En el Evangelio de este Domingo, Jesús lee las Escrituras: "El Espíritu de Dios está sobre Mí, porque Él me ha ungido para traer la buena nueva a los pobres."

En el mes de enero, a través de sus donaciones, la Sociedad de San Vicente de Paúl trajo buenas noticias a los vecinos que no podían pagar el alquiler debido a situaciones temporales que resultaron en menores ingresos o ningún ingreso por algunas semanas. ¡Gracias!
